# camperfield®

When outdoor protection needs to be capable of handling the roughest and toughest a sunburnt country has to offer, camperfield® offers external protection fabrics for caravan annexe walls and fixed awnings that are the strongest, most durable available in the market.

Woven from 100% high strength polyester yarns, woven and finished in Australia for Australian and New Zealand conditions.

Camperfield® is 100% blackout from the sun's harmful UV rays, UV resistant, highly rot, mould, mildew and water resistant, available in either 220cm or 245cm width and available in grey backing.
